Dear Neil,

Thanks for your recent letter about the BT redundancies, I am very happy helping.

As a shadow cabinet member I cannot ask oral questions but I am happy tabling written questions about any element of this and writing directly to Ministers. Do you have any local breakdown figures by any chance that would say the approximate impact in Plymouth perhaps?

If you could send this to me by email that would be really helpful-

I look forward to hearing from you.

Best wishes,
