Dear Mr Crothall,

Thank you for contacting me raising your concerns about BT redundancies.

Please find attached correspondence I have received from Ms Jane Wood, UK Nations and Regions Director at BT Group and Mr Matt Warman MP, Parliamentary Under Secretary of State for Digital Infrastructure at the Department for Digital, Communications, Media and Sport in relation to this.

Having also submitted Parliamentary Questions to both DCMS and DBEIS, Parliament's Table Office have ruled them out of order stating:
"it does not engage Government responsibilities - BT Group plc (trading as BT) is a public limited company - no Gov responsibility for issues relating to their staffing."

I hope you find this response helpful.

Yours sincerely,

ROSIE COOPER MP
